Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional indorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It *will* often *prevent* them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent *free* on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds, strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these Nerves — re-establish them as needed, with

Dr. Shoop's Restorative

THE CZAR IN ST. PETERSBURG.

For the second time since "Red Sunday" (January 22, 1905) Emperior Nicholas on Sunday entered St. Petersburg to attend the consecration of the new church, a memorial to his grandfather, Alexander II., who was assassinated in March, 1881, on the spot where the edifice was raised.

The police neglected no precaution to insure the safety of the Emperor, and even went so far as to thoroughly search the city and inspect the passports of suspicious individuals. Gendarmes were stationed in every window facing the route over which the imperial procession passed, and owners of houses were forbidden to open windows under pain of a heavy fine. Bridge and river traffic was entirely suspended, the banks of the Neva were lined with marine guards and torpedo boats patrolled the river.

The imperial party arrived from Peterhof unannounced, not a single salute being fired during their whole stay.

The party soon arrived at the church when the services proceeded.

After walking around the church and saluting the guard the Emperor entered the edifice at the south door.

In the edifice were grouped 2,000 representatives of the ruling classes. The Emperor and the Empress occupied the so-called patriarchs' place at the right of the altar, where they were visible only from the diplomatic loge. A score of grand dukes and grand duchesses encircled the imperial pair, and further back were courtiers, court dames, provincial governors and a preponderant majority of army officers.

Premier Stolypin was the only minister to attend the ceremonies, all of the others being abroad. Mr. Riddle, the American Ambassador, and Sir Arthur Nicolson, the British Ambassador, and the civic element were conspicuously absent, though millions of rubles were subscribed to the church fund by peasants and others who were not invited. The three walls of the church were lined with a double file of palace grenadiers and the entrances were guarded by veterans of the Russo Turkish war.

A characteristic part of the ceremony consisted of a solemn procession with the cross and banners, embroidered by an American in which the Emperor and his suite followed the clergy around outside the church, repeating a special liturgy.

After the ceremony the imperial party left for a cruise in the Gulf of Finland.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

AERONAUT KILLED.

Superstitious persons noted that it was his thirteenth ascension that killed Harry Mainaid, an aeronaut, before 7,000 spectators at Lakeview, near Lowell, Mass., Saturday afternoon.

A great throng of millworkers had gathered to see the young aeronaut perform the daring feat of making a descent from his balloon with two parachutes.

All conditions were auspicious, but some of the spectators were anxious when they learned it was to be the thirteenth time Mainaid had made an ascension. Not a breeze disturbed the rise of the big balloon which sailed up until it reached 1,200 feet above the multitude.

The aeronaut then cut loose his two parachutes and dropped. Only one of the parachutes was unfurled, the aeronaut's intention being to use the second parachute where he was about 800 feet from the ground.

Mainaid shot down rapidly and the crowd quickly saw by his struggles that the apparatus was not working right. The second parachute failed to open. When about 300 feet above the heads of the crowd Mainaid was still trying to open the parachute.

The aeronaut fell on the roof of a bowling alley and was instantly killed, his skull being fractured and every bone in his body broken.

As Mainaid struck there was a panic among the spectators. Women fainted and many were trampled on in the wild stampede to leave the grounds.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM G. GWIN, Concord, Ga. For sale by Gibson & Timberman and W. F. Creighton & Co.

ATTACKED BY A NEGRO.

Mrs. Michael Cimino, living on the Pegram farm, near Portsmouth almshouse, was criminally assaulted by a negro, who entered her home while she was alone and choked her into insensibility. Matthew Robinson was arrested near Deep Creek by county officers yesterday and was positively identified by the woman and a boy who saw him running from the house. He was locked up in jail for examination.

Descriptions given of the assailant tallied so closely with Robinson that the officers determined to arrest him. They were on their way in from Deep Creek when they met him in the road and took him in custody. The man had been home, and learning that two officers had been there, he started for North Carolina, intending to walk down the banks of the Dismal Swamp canal.

Robinson became extremely nervous when taken to the home of the Ciminos, though he denied the charge. Mrs. Cimino was positive of her identification, and on the prisoner's arm concealed by a bandage were found the deep marks of the woman's finger nails, where she scratched him in the fierce fight she made to protect her honor.

I will mail you free to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

ENOCH ARDEN STORY.

Mrs. Margaret Wallace, of Pittsburg, Pa., did not get married Friday, as she had intended. Instead, her husband, whom she considered dead these two years, spent the evening at his family fireside, and six boarders in the house were told to get out, as Wallace has enough money to keep his wife for the rest of her life without her having to do any work. One of the boarders was to have been the bridgroom. He is a disappointed man. Wallace, who was formerly a city fireman, four years ago disappeared, and two years ago Mrs. Wallace received what she considered positive confirmation of his death. She had promised to wed one of her boarders at 4 o'clock yesterday afternoon. Yesterday morning her husband returned. Mrs. Wallace fainted when she saw him. When she came back to life her husband had her in his arms. He was prosperous, wore a $400 diamond ring, and had plenty of money. He announced that he had come home to stay. Mrs. Wallace broke off her engagement, and the expected bridegoom vanished.

MONDAY EVENING. SEPT. 2, 1907.

LABOR troubles and the efforts of the late Senator Marcus A. Hanna to compel the mining companies to give in so as not to endanger the election of McKinley and Roosevelt in 1900 are given by the Philadelphia & Reading Coal and Iron Company as the direct causes for the high prices of coal and the contracts with the independent operators which the federal government contends were made to shut off competition. In its answer to the government's suit against the so-called anthracite trust the coal company charges it directly to the republican party and the men who controlled its destinies, one of the principal beneficiaries of the politically-forced concession being the present occupant of the White House. The pressure brought to bear by Senator Hanna, as chairman of the republican national committee, to compel the company to give in in order to insure the election of the republican candidates for president and vice president is explained in detail and the company asserts that it was "most unwillingly" compelled to buy its peace and the peace of its workmen by the said advance in wages and the contracts which were necessary in order to secure the uniformity which Hanna and the United Mine Workers insisted on. Still, every intimation that the presidency has been brought by the republicans is denounced as a "lie" by Mr. Roosevelt.

SEPTEMBER, with an "r," has rolled around again and with it the oyster season. Oysters, of course, are to be had all the year around, and experienced oystermen are authority for the statement that the summer oyster, which is raised especially for the hot weather trade, is fully as healthful and palatable as his cold weather brother. There is a prejudice, however, against eating oysters in the spring and summer months which are spelled without the letter "r," and only a few of them are consumed. With the coming of cooler weather, however, the thousands of oyster lovers are keen for their favorite seafood. Reports from the lower river and bay are to the effect that the prospects for a fine oyster season are better than they have been for several years past.

THE Church of England, as represented by its bishops, is taking the passage of the deceased wife's sister bill in a spirit of open rebellion. The bishop of London, who sailed Saturday for America, where he will present King Edward's Bible to the old church at Williamsburg, issued instructions to his clergy forbidding them to officiate at any marriage which the new law authorizes. Other church authorities are taking the same attitude. A result which is already apparent is that the position of the state church is considerably weakened and the campaign for disestablishment will receive a strong impetus.

PRINCE WILHELM of Sweden, while in New York Saturday, in speaking of the American women said: "They are all more or less good looking, and they dress better and look better than the women of any other country I have ever visited, and I have visited almost every country of Europe." Like the Spanish songster, he loves them all.

THE NEW anti-cocaine selling law, making the penalty for illegal sales a fine and imprisonment, became operative in New York today. The cocaine habit is working such havoc among all classes of people that too stringent laws against its sale cannot be enacted.

THE Anglo-Russian convention was signed at St. Petersburg Saturday. It divides Persia into spheres of influence and maintains the present position of Thibet and Afghanistan.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Sept. 2.

Labor Day was generally celebrated here. All the big government departments stopped business in recognition of the egal holiday, and most of the stores closed shortly after noon. There was no street parade of laboring men, that custom having fallen into disuse in this city some years ago. There was, however, a big demonstration at a near-by amusement resort where members of the several crafts assembled in large numbers, not only to honor the institution of labor day but to celebrate the tenth anniversary of the formation of the Central Labor Union. There were races of various kinds for both sexes, singing by the childrens' choir and addresses by Commissioner of Labor Neill, T. V. Powderly, of the Immigration Bureau, and several prominent local labor leaders. Many excursions by rail and boat left the city carrying large parties of pleasure seekers.

Collector Pulliam wired the Insular Bureau today that the president of Santo Domingo had called an extra session of the Dominican Congress, to meet Sept. 10, for the purpose of acting upon a new proposition made by Kuhn, Loeb and Co., of New York. This firm's plan, formulated after negotiations with Velasquez who went to New York for the purpose, is to advance money to the republic upon its bonds to the extend of $20,000,000, buying the bonds at 96, and Santo Domingo to have the right to redeem them in 10 years at 102½.

Public Printer Stillings has just returned from an inspection tour of printing offices and manufacturing plants in eastern cities with a view to additional changes in the government office. He is highly delighted to learn of Mr. Loeb's statement that he is not to be removed by the President.

MADE MAD FROM GAS.

Following a violent struggle in a Washington dental office, Geo. W. Bowers, an engineer, was removed yesterday to the Emergency Hospital, suffering from a fracture of the skull, the result of a blow from a hammer in the hands of Dr. William H. Wunder. The injured man, it is said, will recover. Dr. Wunder is at liberty, under a bond of $1,000 for his appearance in court when wanted. According to Dr. R. B. Leonard and Dr. Wunder, proprietors of the Washington Dental Parlors, Bowers, accompanied by his wife, called yesterday for the purpose of having three teeth extracted. Against the advice of Dr. Leonard, he insisted that he should be given gas, and while recovering from the effect of the anesthetic assaulted both Dr. Leonard and Dr. Wunder, and became extremely violent while laboring under the impression that an insult had been offered to his wife. A terrific struggle ensued in the offices. The combined strength of the two dentists and two colored assistants, it is stated, was employed in a vain attempt to overcome the man, who seemed endowed with a supernatural strength. Dr. Wunder finally grasped a small hammer, with which he struck Bowers on the head. During the struggle between the the three men Bower's wife and a number of women patients were thrown into a panic and took flight. Bowers will recover.

MORE PILFERING.

Prince Wilhelm's cruiser Fylgia was virtually sacked at New York yesterday by hundreds of "souvenir hunters," who carried away thousands of dollars worth of the ships belongings. Many of the articles "appropriated" were not missed until the vessel's 10,000 Sunday visitors had been returned to the shore. However, many of the ship's guests were seen to carry away things of value, but the crew manifested kindly forbearance, and it is likely that no depredations imaginable could have provoked them to cause any arrests.

Yesterday's outrage, which in this instance is smiled upon by Prince William, is the third of its kind to occur in American waters, the other two victims being the Duke of the Abruzzi's Italian cruiser and Admiral Ijuin's Japanese squadron.

SUICIDE.

William Carlin, aged 32 years, son of Jas. Carlin, committed suicide yesterday by hanging himself from a beam in his father's barn, near Falls Church, while the family were at church. Mr. Carlin, who lived with his parents, had suffered a stroke of paralysis a few days ago, this being the third since he was first stricken more than a year ago. It is thought that he brooded over this affliction. The coroner viewed the body, but did not consider an inquest necessary.

Conditions in Persia.

Teheran, Sept. 2 —Absolute anarchy is expected to result in parts of Persia as a result of the assassination late Saturday night of Premier Amin-Ca-Sultan. His death it is feared will cause a general outbreak by the dissatisfied element which has only been held in check with the greatest difficulty.

Armed bands are reported to be forming in the remote districts. Already the country, even around the large cities, is infested with robbers. Murders are committed daily on the roads by thieves who regard killing them as the easiest way of disposing of their victims.

It is probable a meeting of consuls of foreign powers will be held to consider steps to protect their citizens now visiting or sojourning in Persia. Appeals for assistance may be sent to the home governments as a result of their conference.

Funeral of Richard Mansfield.

New London, Conn., Sept. 2.—The funeral of the late Richard Mansfield took place today. The simple ceremony of the Episcopal Church was read at the residence and at the grave by Rev. Dr. Alfred Poole Grant, and the choir of St. James Church sang "Lead Kindly Light," at the request of the family. Few of Mansfield's stage friends were able to be present, but hundreds of telegrams were received and many magnificent floral offerings were received. He was buried in Gardner cemetery.

Little Girl Kidnapped.

New York, Sept. 2.—With scores of detectives working on the case and every policeman in the city ordered to keep a special lookout for the girl or her kidnappers, not a trace has been of four-year-old Louisa Florintins, carried away yesterday by three men. It was the boldest kidnapping New York has had to deal with in years. Louisa was taking a walk in an East Eleventh street with her nine-year-old brother, Nichola, when a covered wagon drove up to the curb. Three men jumped out. One ran to the horses' head and stood by the step while the third grabbed Louisa. His hand covered her mouth, cutting off all outcry and Nicola was told not to scream. The horse was lashed into a run. When the detectives were put on the case they could not trace the wagon more than a few blocks. They attribute the kidnapping to the Black Hand.

News of the Day.

John B. Demotte, famous lecturer, dropped dead today of heart disease in Fincastle, Ind.

It is estimated that the American farmers' earnings for this year will be $1,000,000,000 greater than last.

The rapid increase of population in Philadelphia and New York is making the negro problem acute in the north.

Seven Alabama railroads on Saturday put in effect the Alabama passenger and commodity rates, and Judge Jones discharged the federal grand jury.

The Manufacturers' Record, of Baltimore, estimated that the prospective decrease in the total of farm products this year will be more than offset by higher prices.

Marching under umbrellas, twenty-five thousand representatives of union labor took part in two rival parades on Fifth avenue, New York, today in the annual Labor Day celebration.

Protests more vigorous than any yet presented against sending the battleship fleet to the Pacific are likely to come from many quarters when the people realize the unguarded conditions in which it will leave the Atlantic coast.

James Brown, a patient at the Sibley Hospital, Washington, killed himself yesterday while delirious from typhoid fever, by jumping from a second-story window in the institution. Brown was twenty-eight years old and married.

The Czar has instructed the Russian delegation to the Hague Peace Conference to support any proposition concerning meetings of the conference on the lines of the American proposal, viz., that the conference meet every seven years.

Virginia Harned, the actress, who is the wife of E. H. Sothern, was brought to New York on a special train Saturday night suffering from injuries to her eyes brought on by the taking of several flashlight pictures in New Haven on Friday night. She has recovered.

With a score of 1909, the Virginia riflemen landed forty-eighth place in the national match, which ended Friday at Camp Perry, O., with U. S. Navy the winner by a score of 3,421, with Massachusetts second, 3,418; Ohio third 3,868; the cavalry fourth, 3,866; Washington fifth, 3,861.

William H. Brown, 29 years old, of Georgetown, is held a prisoner in Washington on a charge of embezzlement. Brown has been employed as a salesman by Golden & Co., commission merchants, and the warrant for his arrest charges that Brown is a defaulter in sums ranging from $700 to $1,000.

The automobile race for the Florio cup, at Brescia, Italy, yesterday, will long be remembered. It resulted directly or indirectly in the death of three prominent persons, two of them men of title, and the serious injury of two other persons. The accidents were the worst that have occurred in the history of motoring.

The autumn maneuvers of the German army began today on Templehof Field, Berlin. Brigadier General W. S. Edgerly, Major C. DeWitt Wilcox, Capt. Robert E. L. Michie and Capt. George H. Shelton, representing the several branches of the United States army service, have been invited to attend the review as the personal guests of Emperor William.

At Sheepshead Bay, N. Y., Saturday evening James R. Keene's great colt, Colin, won the $40,000 Futurity before the greatest crowd that ever gathered there. Jockey Miller, who rode the winner, won $1,000 as a special prize. Bar None, H. P. Whitney's entry, was second, with Martin up. Chapultepec, owned by F. Burlew, was third, ridden by Nicol. Other winners were Arimo, John M. P., De Mund, Acrobat and Live Wire.

Two Polish boys were shocked and burned to death last night on the 60,000-volt cables of the Niagara, Lockport and Ontario transmission line. Frank Kronja, fifteen years old, climbed up a fifty-foot steel tower, and touched the cable. He was electrocuted instantly. His playmate, Stanislaus Zowlinski, went up to his aid and was burned to death. One of his legs was burned, his neck was burned half through, and his body fell to the ground. The other body remained in the air four hours, until the power could be turned off. Thousand of excursionists passing in trolley cars, saw the body burning on the cables.

PREMIER ASSASSINATED.

Mirza Ali Asghar Khan, premier and minister of the interior, was shot and instantly killed as he was leaving the national council at Teheran, Persia, Saturday night.

Two soldiers were killed at the same time and an assemblyman was shot in the leg. One of the assassins committed suicide, one was arrested, and the others escaped.

It is believed that the effect of the news of the murder of Mirza Ali Asghar Khan, added to the interior troubles, will be disastrous, and that anarchy will gain in strength. Already the roads are so unsafe the German consul, who is going to Bushrier, has asked the government for an escort. A Russian arrived at Asphan yesterday, having been robbed of everything he possessed.

Mirza Ali Asghar Kahn had long played an important role in the affairs of Persia. Twice he held the office of grand vizier.

SORA AND REED BIRDS.

The season for shooting sora and reed birds opened today, and as it is a holiday the first-day crowd was larger than usual. The marshes along the river and its tributaries, where grow the reeds on which the birds feeds, will be dangerous places for the unwary during the season, for reed-bird shooters are proverbially careless about where they aim. Tides are all-important to the sora shooter, for these peculiar birds may be found only when the water is high enough to drive them out of the reeds. This morning the marshes were alive with gunners. It is said that the birds are not very numerous this season.

THE JAMESTOWN INCIDENT.

While the controversy between President Tucker, of the Jamestown Exposition, and Director General Barr, involving the management of social affairs, was on Saturday reported officially settled, later reports from the conflict indicate that all is not placid. In the first place, Charler W. Kohlsaat, whose resignation as social and diplomatic representative of Mr. Barr and the exposition became necessary, is out with a statement charging somebody with bad faith. Mr. Barr also says that much more was said about the adjustment of the matter than was agreed by those in whose hands the adjustment was left. Mr. Kohlsaat also says that he has been treated badly. He admits, however, that he agreed to sacrifice himself in the interest of harmony. His resignation was handed Mr. Barr Saturday, and there can be no doubt about its acceptance.

Mr. Barr is quoted as saying:

"It was my understanding and that of the committee, whose statement appears in the morning papers, that nothing should be published in addition to the statement, which speaks for itself, and, in view of this understanding, I have nothing farther to say."

Mr. Kohlsaat says that when he agreed to resign it was the understanding that nothing should be said about it until today and that it was the understanding that it should be simply announced to the press that the matter had been amicably settled. It is evident that Mr. Barr and Mr. Kohlsaat had in mind the published statement of Mr. Tucker, made just after the agreement had been reached, when they state that it was understood that nothing more than the official delineation of facts should be given out about the matter. Little else was said about it.

Mr. Kohlsaat's letter to Mr. Barr follows:

"In the interest of harmony and to promote the welfare of the exposition, which I regard superior to any personal consideration, I have decided to decline to perform the duties imposed upon me by your order of the 26th instant. This decision to become effective at your pleasure. Assuring you of my appreciation of the confidence reposed in me, I am,

"CHARLES KOHLSAAT."

Col. Barton H. Grundy, appointed by James M. Barr, director general of the Jamestown Exposition, as his social representative in place of Kohlsaat, resigned, says he accepted the position because it was represented to him that such action on his part was the only solution of the social controversy then raging between the director general and Harry St. George Tucker, president of the exposition company.

I feel that I can not saying too much for the best remedy of the kind in the world."—S. JEMISON, Spring Grove York county, Pa. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

I fully believe Electric Bitters will cure me permanently, for it has already stopped liver and bladder complications which have troubled me for years." Guaranteed at E. S. Today's Telegraphic News.

The Coming Republican Convention.

New York, Sept. 2.—"Roosevelt already has control of the next republican national convention" was the surprising statement made by a member of the national committee here today. "He only needs 497 of the 992 delegates to name any man he desires and adopt any platform satisfactory to him. When you analyze the make-up of the 992 men who will compris the next convention you will see 332 come from the South, where the republican organization is absolutely controlled by federal office-holders, 26 are territorial delegates and 156 from the states west of the Mississippi where Roosevelt is absolute. These give him 514 votes. Within the week from September 30 to October 6 he is to deliver six set speeches and a dozen extemporaneous talks in the heart of the real South, with one in Ohio which will help to squelch the Foraker anti-Taft movement."

Albany, N. Y., Sept. 2.—It's war to the knife in the ranks of the republican party of the State of New York. That became known today when political leaders who have thrown their influence with the Hughes wing of the party called at the executive chamber and demanded that the governor answer the attacks made upon former United States Senator T. C. Platt in which he characterized the chief executive as a "ruthless self-seeking political tyrant," and in the assertion from Oyster Bay via Washington that hereafter Secretary Cortelyou will be considered by Roosevelt as state leader. Cortelyou, this statement declares, has been trusted by the President with the elimination of Hughes from the available candidates for the republican presidential nomination, and it is in pursuance of his instructions that State Chairman Woodruff and former chairman of the executive committee Wm. M. Barnes, jr., are working.

Hearst at Jamestown.

Jamestown Exposition, Va., Sept. 2. A great crowd, extending three squares back from the river front, welcomed Wm. Randolph Hearst when he arrived here today on the boat from Washington. A parade escorted him to his hotel, and he was cheered all along the route. Hearst was accompanied by Mrs. Hearst, and he answered the cheers by waiving his broad straw hat.

Mr. Hearst's speech had been carefully prepared. Much of his address referred to the growth of the country, the industry of all classes of its people and the alleged benefits of the organization of labor as well as capital. Among other things he said: "Let us all regard one another as fellow working men and treat one another with consideration and tolerance. Let us all labor harmoniously to create wealth in order that there may be the greatest possible amount to be justly divided. A condition of class hatred such as has developed in Colorado is a curse to this country. I hope that such a condition has been averted in San Francisco."

Killed by a Burglar.

Cleveland, O., Sept. 2.—J. J. Phillips, secretary and general manager of the Cleveland and Pittsburg Coal Company, was shot by a burglar at 1:10 a. m. today at his residence, 50 Mount Union avenue. Phillips died at 5 a. m. after making a statement to the police. He was unable to give any clue to the murderer. The burglar secured a half dozen solid silver teaspoons on which are engraved the initials "A." The tracing of these spoons is the only clew that the police have to work upon. Phillips had left his bed and started down stairs for a drink of water. He had just reached the first landing and was directly in front of the telephone. He was shot in the back of the neck. The bullet ploughed its way through the neck and lodged near the front of the left cheek.

Suicide of Parricide.

Somerville, N. J., Sept. 2.—Richard Striker is dying in the Somerville Hospital today from a self-inflicted knife wound, his attempt at suicide having been made following the news that his father had died of a shot fired by the young man. Young Striker had been in jail for a week following his assault. When told of his father's death he rushed into his cell and cut his throat with a knife he had been able to conceal there. According to the father's ante mortem statement his son shot him in a drunken frenzy because he refused to give the young man money to continue a spree. Striker fled but returned in two days and gave himself up, claiming he had shot in self-defense. If he recovers he will be tried for murder.

The Deadly Automobile.

New York, Sept. 2.—Commenting on the utter disregard displayed despite the general outcry against their recklessness by automobile speed maniacs for their own and other lives, a New York newspapaper publishes today a list of accidents Sunday in which five persons were killed, twelve seriously injured and an indefinite number of others escaped almost miraculously from threatened death. Though the collection of stories of mishaps is drawn from all over this country and Europe, the newspaper does not pretend that it is anywhere nearly complete. Several victims were widely known, two of them titled Europeans.

Bridge Destroyed by Dynamite.

Philadelphia, Sept. 2.—Special officers have been sent from her to aid in the investigation of the wreck of the Baltimore and Ohio railroad bridge over Corry street, Darby, which was blown up early today just as a freight train was approaching. As yet no clue to the wreckers has been discovered. Dynamite in large quantities was used and the bridge greatly damaged. Two policemen who attracted to the spot raced up the tracks and stopped the freight they knew was due at the spot. An express train was due in half an hour but was flagged.

Chief of Police Killed.

Lyndhurst, N. J., Sept. 2.—Chief of Police Cassidy was shot dead early today by three Italian burglars who were surprised in an effort to break into a store. One of the burglars when trapped on Avondale bridge by a posse shot himself in the head and the posse is still in pursuit of the other two. If the two fugitives are overtaken it is probable that they will be lynched.

Fourth Annual September Sale of FURNITURE
(25 to 50 per cent below actual value)

Today we begin our Fourth Annual September Furniture Sale. Introduced as an innovation three years ago, these sales have so amply rewarded our efforts that we have determined to make them a permanent feature of our yearly events—given equally careful thought to their preparation as we bestow upon our other notable annual sales.

With the usual discrimination and care with which our purchases are always made, our buyer personally visited the factories and selected only that high grade of furniture which is compatible with our standard—this demands even of the best manufacturers that class of construction, finish, and guaranteed durability which mark our requirements in furniture, either made to order or bought from the regular stock.

This sale is designed to meet the requirements of tastes, and in its scope includes furniture of such variety as to make possible the execution of any furnishing plan determined for the home. And it is our pleasure and good fortune to offer furniture of service and durability, as well as of decorative value, at such prices as will fulfill the economic ideas of the housekeeper

That enduring quality in material and design which lends character to the furnishings of a house is an essential feature in all the furniture offered in this sale.

Appropriateness is another feature for which we have provided, and our lines of furniture are broad in variety and generous in price concessions. Excellent values are offered in furniture for parlor, dining room, bed room, library and office.

This furniture ranges in style from simplicity to quiet elegance, from usefulness to beauty, and yet combines both, as we cater also to the artistic as well as to the practical and serviceable sides of house furnishings.

Our Furniture Department is conveniently located on the sixth and seventh floors of the G street building, in commodious quarters which afford ample space and light in which to display to the best advantage this new stock.

RETURN OF THE FIREMEN.

The Alexandria firemen who attended the State Firemen's Convention at Newport News returned home Saturday night about 9 o'clock on the steamer Newport News. Preparations for their reception had been in progress for several days and a large percentage of the population of the city were on the streets to give the Alexandrians an oration.

The wharf of the Norfolk and Washington Steamboat Company was crowded with people by the time the lights of the Newport News were, discerned four or five miles down the river, and by the time the steamer reached the wharf the assemblage had grown considerably.

Chief George W. Petty and a number of other Alexandria firemen were on hand to welcome their confreres, as well as the members of the Woodstock, Harrisonburg and Strasburg companies, and in a few minutes after they had disembarked the men formed into line, headed by Chief Petty and a squad of policemen. The cortege marched up Prince street to the engine house of the Relief hook and ladder company. Upon arriving at the company's house the drum corps of the Reliance fire company serenaded the members who had been unable to go to Newport News. The firemen, with the drum corps, then turned into King street and at Royal marched past the public house conducted by Chief Petty. They then continued up King street and visited the engine houses of the Reliance and Columbia companies.

After visiting the Reliance company's house the firemen returned to the Columbia engine house, where refreshments were served in abundance.

The visitors were loud in their praise of the hospitable manner in which they were treated in this city. After enjoying the refreshments the visitors were accommodated for the night at the engine houses and left for their homes on Sunday morning.

From the time the firemen began their march from the wharf red lights illuminated the streets over which they passed, while the bells in the engine houses pealed forth and added to the clamor of smaller bells and drums in the streets. King street and north Royal street were densely packed while the firemen were passing.

The Alexandrians express themselves as having experienced an enjoyable time at Newport News, the Exposition grounds, Norfolk, Ocean View and other contiguous points.

FALL SCHEDULE.

The fall schedule of the Maryland, Delaware and Virginia Railway Company's steamers on the Potomac between this city and landings on the lower river to Baltimore went into effect today. One steamer has been withdrawn from the route and but three round trips per week will be made between here and Baltimore. Under the new schedule the steamers will leave this city at 4:30 p. m. every Tuesday, Thursday and Sunday, and will made the usual landings. They will arrive in Baltimore early Tuesday, Thursday and Saturday mornings. On the return trip the steamer will sail from Baltimore every Tuesday, Thursday and Sunday, making the landing in the inverse order, and arriving here Monday, Thursdays and Saturday mornings. The trips cut out from the present schedule are those leaving here Wednesday and Saturday afternoons and Monday and Friday from Baltimore. It is understood the steamer Anne Arundel and the Northumberland will be kept on the route and the Calvert will be withdrawn.

BITTEN BY A MARE.

Frank Herndon, five years old, who lives in the suburbs of Alexandria, was admitted to the Pasteur department at Baltimore City Hospital yesterday. The lad had been bitten on the right cheek on August 23 by a mare belonging to his parents. The mare had been bitten by a dog belonging to the boy's father. The dog had acted queerly, suffering with fits, killing chickens and otherwise acting in a peculiar manner. The mare had also behaved in an unusual manner, on one occasion killing a pig. Both animals have since died.

ACCUSED DISMISSED.

George Nalls, jr., a youth charged with shooting and injuring Elmer Violett, another boy, yesterday week, was before the Police Court this morning. The evidence showed that the shooting was accidential, that the two boys had been friendly disposed toward each other, and that Nalls had no intention of hurting Violette when he discharged the gun. Justice Caton dismissed the accused with a warning not to use a catrifle again within the city's limits.

LABOR DAY.

Many people, including numbers of mechanics, observed today as Labor Day The excursion steamers were well patronized, while there were many private excursion parties. Large numbers of people left Washington and this city Saturday night and yesterday for river resorts in order to enjoy a double holiday. The banks were closed, but business generally was conducted as usual.

THE STEAMER ST. JOHNS.

The steamer St. Johns made her last trip to Colonial Beach today. Upon her return tonight she will be turned over to the Norfolk and Washington Steamboat Company, which has leased her, and, after some minor repairs to her boilers, the steamer will on the 11th instant be put on the route between Washington, Alexandria and the Jamestown Exposition.

CORNERSTONE LAYING.

The cornerstone of Liberty Baptist Church, colored, at 913 north Alfred street, was laid yesterday afternoon. The ceremonies were conducted under the direction of Alexandria Lodge, No. 48, I. B. P. O. Elks. A large number of persons were present on the occasion. The exercises were interesting throughout.

It is said that some of the "bucket shops" which have recently been driven out of Washington will soon begin operations in this city.

COMMITTEE MEETINGS.

The democratic senatorial committee for this district met at the Hotel Rammel today to make arrangements for holding the primary on September 10th, which will nominate a candidate for the State Senate. There were present Chairman Bendheim, of the city committee; Mr. C. B. Graham, of the county committee, and Judge J. M. Love, of the Fairfax county committee. Mr. Lynn, of the Prince William committee, failed to appear. Mr. Wedderburn was the only candidate present.

The expenses of holding the primary was ascertained to be $550 which sum is to be paid by the three candidates—Messrs. Machen, Wedderburn and Thornton.

The committee adopted a resolution that the same rules which prevailed in the congressional primary should govern the senatorial primary and that no judge of election should canvass for any candidate to be voted for in this primary.

—

The city and county democratic committee met at the Hotel Rammel after the senatorial committee had adjourned. There were present Chairman Charles Bendheim and Secretary R. T. Cooke, Messrs. E. F. Thompson, O. F. Phillips, S. G. Brent and Louis Brill, of the city committee, and Chairman C. B. Graham and Mr. J. E Clements, of the county committee. Mr. Bendheim presided and Mr. Cook acted as secretary. Mr. J. R. Caton was declared the nominee of the party for the House of Delegates, no other candidates having presented their names and Mr. Caton, who was present, was heartily congratulated by all the committeemen.

It was decided that all who wish to become candidates for members of the city democratic committee should present their names in writing over their own signatures to Chairman Bendheim at the Hotel Rammel by noon on Thursday, September 5th. An assessment of $1 for each candidate was made to meet the necessary expenses and all candidates were requested to send this amount when they send notices of their candidacy.

Chairman Bendheim was directed that unless he could secure the assent of the senatorial committee to have the names of the committeemen placed on the regular ballot then to have separate tickets prepared for the election of the city committee at the election to be held on September 10th, and Chairman Graham of the county committee was authorized to pursue the same course. Both chairmen expressed the belief that they could secure the necessary consent.

It was understood that all the present members of the city committee will be candidates for reelection, besides Messrs. Thomas Risheill from the First ward, J. W. May from the Second and Albert Bryan from the Fourth. There may also be other candidates.

NEW NORFOLK LINE.

It is again reported that another Norfolk line is to be established. The steamer to be used on the route is said to be the steel-hulled screw boat Montauk. Riley's wharf, at the foot of 6th street southwest, has been secured as the Washington terminus for the line. The Montauk is a handsome vessel, somewhat smaller than the steamers now on the Norfolk run, but built for bay service. She is a new boat, having been built at Baltimore in 1902 for the Queen Anne Railway Company. She was then called the Queen Caroline, but when sold about two years ago to parties in New York her name was changed to Montauk. She is a vessel of 641 gross and 463 net tons, is 193 feet long, 30.1 feet beam and 11.02 feet deep. Her engines have an indicated horsepower of 1,000 and she has a speed of about eighteen miles an hour. The steamer is handsomely fitted up and is well adapted to daylight service on Chesapeake bay. The new line is said to be backed by Richmond, Norfolk and Washington capitalists. The Montauk passed up the river this morning with a large crowd of colored excursionists from Norfolk aboard.

Sevier has returned from his vacation and he occupied the pulpit of the Second Presbyterian Church at both the morning and evening services. An address looking to the formation of a city Sunday school association was delivered in the afternoon at the Second Presbyterian Church by L. J. McIntosh, secretary of the Virginia State Sunday School Association. Rev. Thomas J. Packard preached at the morning services in St. Paul's Church. CASE SETTLED.

A few nights ago a family row caused some excitement in a neighborhood in the extreme northern section of the city. The police ascertained the names of the parties involved, and warrants were issued, but it was subsequently learned that the trouble had been amically settled and the warrants were quashed, as it was realized that had they been served several innocent females would necessarily have become parties to the case.

FATAL SPANKING.

Mrs. Fred Williams, living at Bear Point, on Crooked Lake, near Cheboygan, Mich., was severely injured and her seven-year-old son was probably fatally hurt when a dynamite cap in the boy's hip pocket exploded while the mother was spanking him for a minor offense.

The little boy had been out in the field where his father was using dynamite to blow up stumps, and had slipped one of the percussion caps which Mr. Williams had into his pocket. He later returned to the house, where his mother called him to be punished for some childish misdemeanor.

Mrs. Williams used a shingle as the instrument of punishment. The first blow from the shingle exploded the cap in the boy's pocket and the explosion tore a large hole in his hip, from which he is believed to be dying.

The mother lost two fingers and received a number of minor cuts about her face and body.

NOT TO BE REMOVED.

Recent published rumors that Public Printer Stillings had displeased the President and was to be supplanted was the occasion yesterday for the issuance of a statement complimentary to Mr. Stillings by Secretary Loeb.

"The President has not the faintest idea of displacing Mr. Stillings," said Secretary Loeb. "It follows as a matter of course that in bringing order out of the utter chaos that had existed in the government printing office a certain amount of ill-feeling would be aroused on the part of the disgruntled employes. The President feels that Mr. Stillings has discharged his duties with courage, efficiency and honesty, and that he has now put the office on a thoroughly businesslike and economical basis. Instead of being criticised Mr. Stillings is entitled to great credit for what he has accomplished, and he continues to have the President's entire confidence."

CANDIDATES.

Senator Machen Asks Renomination.

To the Democrats of the Fourteenth Senatorial District:

I hereby announce that I shall seek a renomination as State Senator at the democratic primary September 10th.

For many years it has been the custom in this district to return a Senator for a second term if he so desired, and I trust that a careful scrutiny of my official record will not disclose any reason for violating this custom at this time.

Having been a resident of Alexandria for more than 5 years, and having been for a much longer period associated in business and otherwise with the people of the city, it is natural to suppose that I understand its needs and could serve its interests in the legislature as well as some one who is not a resident and has had no legislative experience. I solicit the generous support of my home city.

Respectfully,
aug16td LEWIS H. MACHEN.

TO THE VOTERS OF THE 14TH SENATORIAL DISTRICT. I respectfully announce myself a candidate for State Senate in the democratic primary September 10th, 1907. ALEX. J. WEDDERBURN.

FOR STATE SENATE.

To the Democratic voters of the 14th Senatorial district:

I hereby announce myself a candidate for Senator from the 14th Senatorial District of Virginia, subject to the democratic primary to be held on September 10, 1907, and if nominated and elected, I pledge myself to the service of the best interests of the district and State. Very Respectfully,

R. E. THORNTON.
